## Introduction

This Safeguarding Statement has been developed in accordance with the principles established by the Children Acts 1989 and 2004 and related guidance. This includes the DfE statutory guidance 'Keeping Children Safe in Education', September 2018; the DfE revised Statutory Framework for Early Years Foundation Stage, April 2017 and Working Together to Safeguard Children, July 2018. The school will also refer to and follow the guidance and procedures developed by the Cumbria Safeguarding Children Board (SCB).

Because of our close day to day contact with children, education staff have a crucial role to play in helping to promote safety, reduce risks and to identify welfare concerns and indicators of possible abuse and neglect at an early stage.

The Governing Body and staff of Cumbria Academy for Autism (hereinafter referred to as 'the school') take seriously our responsibility under Section 175 Education Act 2002 (Section 157 for independent schools) to safeguard and promote the welfare of our pupils, to minimise risk and to work together with other agencies to ensure adequate arrangements are in place within our school to identify, assess, and support those children who are suffering harm and to keep them safe and secure whilst in our care.

Our Statement and supporting Policies and procedures relate to all members of the school community including pupils, staff, governors, visitors/contractors, volunteers and trainees working within the school. It is fully incorporated into the whole school ethos and is underpinned throughout the teaching of the curriculum, within PHSE and within the safety of the physical environment provided for the pupils.

## Definition of Safeguarding

'Working together to Safeguard Children' defines the term Safeguarding as "protecting children from maltreatment; preventing impairment of children's health or development; ensuring that children are growing up in circumstances consistent with the provision of safe and effective care and taking action to enable all children to have the best outcomes".

Safeguarding is not just about protecting children from deliberate harm. It relates to aspects of school life including pupils' health, safety and wellbeing; managing behaviour and the use of reasonable force; meeting the needs of pupils with medical conditions; providing first aid; educational visits; intimate care and emotional wellbeing; online safety and associated issues; and appropriate arrangements to ensure school security, taking into account the local context.

It includes issues for schools such as neglect, physical abuse, sexual abuse and emotional abuse; bullying; including cyberbullying (by text and picture messaging, on social networking sites, and so on) and prejudice-based bullying; racist, disability, and homophobic or transphobic abuse; sexual violence and sexual harassment between children (peer on peer abuse); gender-based violence/violence against women and girls; radicalisation and/or extremist behaviour; children missing education; child sexual exploitation and trafficking; child criminal exploitation and county lines; sexting; teenage relationship abuse; substance misuse; issues that may be specific to a local area or population, for example gang activity and youth violence; and particular issues affecting children including domestic violence, homelessness, so-called honour-based violence (female genital mutilation, forced marriage, breast ironing etc.), fabricated or

induced illness and poor parenting, particularly in relation to young children.

*(Inspecting Safeguarding in Early Years, Education and Skills – September 2018).*

This Safeguarding Statement should therefore be read and understood alongside other school Policies and procedures which fall under the safeguarding 'umbrella' as listed at the end of this document. Related Policies and procedures can be found in the policies and procedures folder held in the office (at opening). Some are also available to access via the school website or on request.

All relevant Policies and supporting procedures will be reviewed in accordance with the latest DfE Guidance by the Governing Body Safeguarding Representative and Head Teacher who have responsibility for oversight of school safeguarding and child protection systems. The Designated Safeguarding Lead will ensure regular reporting on safeguarding activity and systems in school to the Governing Body. The Governing Body will not receive details of individual pupil situations or identifying features of families as part of their oversight responsibility. The Chair of Governors will liaise with the Designated Officer(s) from the Local Authority, DfE and partner agencies in the event of allegations of abuse made against the Head teacher. There is also a nominated Governor who will take leadership responsibility for the setting's safeguarding arrangements.

Our school is a community and all those directly connected (staff, governors, volunteers, parents, families and pupils) have an essential role to play in making it safe and secure. We welcome suggestions and comments from all these stakeholders contributing to this process.

## **Ethos**

The school recognises the importance of providing an ethos and environment that will help children to feel safe, secure and respected; encourage them to talk openly; and enable them to feel confident that they will be listened to.

The school will endeavour to support the welfare and safety of all pupils through:

## Partnerships with others

Schools do not operate in isolation. The welfare of children is the corporate responsibility of the entire SCHOOL COMMUNITY, working in partnership with the LA and other public agencies, the voluntary sector and service users and carers. All Local Authority services have an impact on the lives of children and families, and Local Authorities have a particular responsibility for children and families most at risk of social exclusion.

The school recognises that it is essential to establish positive and effective working relationships with other agencies. Professionals can only work together to safeguard children if there is an exchange of relevant information between them. The school follows LA inter-agency safeguarding procedures (as endorsed by the Cumbria Safeguarding Children Board), will work within the Cumbria SCB Multi-agency Thresholds Guidance and has links with the Local Authority, the School Health Service, the local Police, Children's Centres and the Education Social Care Service.

We recognise the importance of information sharing between professionals and local agencies and take account of guidance issued in 'Working together to safeguard children'; 'Information sharing: Advice for practitioners providing safeguarding services to children, young people, parents and carers' and the Cumbria SCB 'Information Sharing Protocol'.

Where it is believed that a child is suffering from, or is at risk of, significant harm, we will follow the referral procedures as outlined on the Cumbria SCB website and within the ***School Child Protection Policy and procedures***. In other cases where the child

or family would benefit from early intervention, we will put in place appropriate 'early help' strategies, working with other agencies as appropriate and where necessary.

## **Training and Support**

Our school will ensure that the Designated Safeguarding Lead (DSL) and deputy DSL attend suitable child protection training which is updated every 2 years; all staff including the Head teacher, the designated teacher (looked-after and previously looked-after children), the designated Governor and the Governing Body receive safeguarding and child protection training at induction (relevant to their roles) which is updated regularly. In addition, all staff members will receive regular safeguarding and child protection updates (for example, via email, e-bulletins, staff meetings) as required, but at least annually, to provide them with relevant skills and knowledge to safeguard children effectively. All other adults who work in the school and/or with children will undertake appropriate child protection awareness training to equip them to meet their responsibilities for child protection effectively.

The DSL has attended/undertaken Prevent Awareness Training to enable them to provide advice and support to other members of staff on protecting children from the risk of radicalisation and extremism. Other staff to receive this training will be determined through risk assessment.

There is a designated Health and Safety Coordinator in school who has received appropriate training in relation to their role e.g. IOSH Managing Safely in Schools training or similar.

Although this is now no longer a legal requirement, in accordance with good practice guidelines, there is also a designated Educational Visits Coordinator who has received training and refresher training in planning and managing off-site visits.

There is a staff training plan in place to ensure all relevant staff receive appropriate training as per legislative requirements and good practice to protect both themselves and children. Designated staff training will include for example health and safety induction, first aid, supporting pupils with medical needs including general awareness training, training in the administration of medication and any training regarding complex medical needs of children (from a medical professional as necessary); asbestos management, fire safety, positive handling, moving and handling, minibuses drivers, risk assessment, food hygiene, safe use of machinery and other training commensurate with the roles and responsibilities of staff.

## **Professional Confidentiality**

Our school has a clear confidentiality statement that forms part of the School Child Protection Policy and procedures which is reviewed annually by the full Governing body, is discussed with all staff and shared with all working (paid and unpaid) adults within the school.

## **Safe Recruitment and Selection**

The school pays full regard to the DfE statutory guidance 'Keeping Children Safe in Education' (September 2018). The Governing Body will deter and prevent people who pose a risk of harm from working with children by adhering to statutory responsibilities to carry out appropriate checks on staff or others who work (paid or unpaid) unsupervised with children, taking proportionate decisions on whether to ask for any checks beyond what is required and ensuring those without full checks are

appropriately supervised. The school has a written Recruitment, Selection and Pre-Employment Vetting Policy and procedures in place. In line with the School Staffing (England) Regulations 2009 the Governing Body ensures that at least one person on any appointment panel has attended safer recruitment training.

Further details can be found in the ***School Child Protection Policy and procedures and the School Recruitment, Selection and Pre-Employment Vetting Policy and procedures.***

## **Section 175 Self Assessment Audit**

The School Carries out the 175 assessment annually and utilises the plan created to assess and make changes to the Child Protection Policy and Safeguarding procedures within the school.
